EFISD ESSER III SURVEY

EFISD is seeking input regarding addressing needs from COVID-19 with federal funding. Local stakeholders can now submit their views on needs our district should address with federal funding from COVID-19 relief bills passed by the U.S. Congress.

In 2020 and 2021, Congress passed three stimulus bills that provide funding to the Elementary and Secondary Emergency Education Relief - or ESSER - Fund. States, including Texas, are now distributing portions of those funds to local education agencies such as Elysian Fields ISD. The American Rescue Plan passed in March 2021 provided supplemental funding known as ESSER III, and education agencies are in the process of determining how to spend that funding in meaningful, evidence-based manners.

As required by ESSER III grant guidelines, Elysian Fields ISD is now seeking stakeholder input to prepare to address the following needs of students and staff:

- The academic impact of lost instructional time.
- The district's response to the academic, social, emotional, and mental health needs of all students.
- The district's response to the academic, social, emotional, and mental health needs of students disproportionately impacted by the COVID-19 pandemic. This includes students from low-income families, students of color, English learners, children with disabilities, students experiencing homelessness, children in foster care and migratory students.
- Mitigating safety measures for safe operations of schools for in-person learning.
